VOL 26 NO 17

10 CENTS

TO ENLARGE HIGH SCHOOL PROPERTY

The Town of Wilmington, through its Permanent Building Committee and its School Committee, is making plans to acquire additional land near the High School, for the purpose of adding 20 rooms to the High School.

Several weeks ago the School Board voted to instruct the PBC to proceed to make plans for such a move. Monday evening the PBC had a meeting with several of the owners of adjacent land. Not present at the meeting, however, was George Frotten of Wildwood St. owner of land near the football field.

At the present time there are about 17 acres in the High School site. The hope is that this can be enlarged to about 27 acres. The plans are tentatively to:

1. Acquire the use of about 2 acres from the Wilmington Baptist Church, land in back of the church, on a lease basis, for a parking lot to be used by the school weekdays

and the church Sundays. The land is low, and presumably would have to be filled.

2. The Grange Hall Corporation is discussing with the Board of Selectmen the possibility of selling the Grange land to the town. The corporation is seeking to relocate the Grange in another part of town, after the recent fire. If this land is purchased it would add several acres, and give the School Department direct access to Wildwood Street.

3. About ten years ago the town voted to exchange land with Mr. Frotten, along Wildwood Street, but the then town government did not complete the transactions voted by the town. The School Department believes that Mr. Frotten would still agree to the transfer. If this can be done there would be more street-front property for the School Department on Wildwood Street.

4. The chicken farm of Carmen

Luongo is near the Frotten property. Mr. Luongo was present for the discussion Monday night.

It is hoped that the school can acquire a seventy-five foot strip of land adjacent to the football field, which, it is believed, would not interfere with Luongo's business.

5. Southerly, near the home of Alan Fenton is land that the School Department would like to acquire. It is shown on town maps as being town owned, but there is some basis for a belief that Mr. Fenton owns some or all of it. If the School Department can acquire this land it will have direct access to a 4 1/2 acre lot owned by the town, in the Maple Meadow. This would enlarge the school site to the hoped for 27 acres.

Meanwhile discussions are being conducted about plans for the addition of the twenty rooms. Monday

morning there was a meeting with Department Heads talking the problems over with John Mullen, of the firm of Hill Associates, which firm recently conducted a survey of the school department of future school needs.

What is being sought is the need of the schools for the next 15 years. The discussions are to be extended to other than School Department heads.

A series of interviews are being planned, some with some pupils, some with lay people, to better understand their feelings on the future of the schools.

Present for the Monday morning discussion, in addition to Department heads were the Chairlady of the Planning Board, School class presidents, the president of the School Council, and the president of the League of Women Voters.

WET, WET, WET: And the team lost. Or more properly Dracut won, to a tune of 20 to 6, last Saturday. The Dracut team repeatedly knifed through the Wilmington line, during a heavy rain storm, which kept many fans home.

The cheerleaders were just as wet as the players, but they kept on, valiantly, if in vain.

Want Sidewalk Finished

The Wilmington Planning Board, Tuesday evening, voted to send a letter to the developer of Alderwood Estates, asking that he complete the sidewalk in Section Two, and that a definite schedule be submitted for the work, to the board.

Twenty two residents of the area had attended the meeting, to discuss the problem, which they described as having existed for several years.

Town Engineer Arthur Harding, Tuesday night, displayed a new folio of plans he has prepared, showing the plans for all subdivisions under consideration.

The Country Cousin Says:

Jim Miceli raised a good question at a Selectman's meeting recently. Whether you like or dislike Jim as a selectman and politician should not enter the case at all. He came up with a valid suggestion or idea, that could save the town a considerable sum of money if brought to completion. The idea should not be turned down with exploring all possibilities.

Jim's idea was: 'Let's go UP with the additional rooms, needed for the High School!'

To explore this further - What would be the advantages of a third floor on the present High School?

1. The town could get 15 to 20 needed class

rooms without buying acres and acres of land, to spread a new high school over.

2. The present location of the high school is ideal; no railroad tracks to cross, and within walking distance for a great many pupils.

3. It is close to fire and police protection.

4. It is easy to reach by teachers who live out of town.

5. A new athletic field would not have to be built.

6. The land acquisition could be for the purpose of another intermediate school - which some say is badly needed.

7. With planning and forethought, the possibility arises (with a third floor) of putting a balcony in the present auditorium, and thus eliminating the building of a new auditorium.

With a greater seating capacity, the auditorium could be used for town meetings, instead of the costly way used now, of using the gym - hiring chairs, etc.

8. There might not be any need of building a new gymnasium, or other rooms supporting the school system.

9. The tennis courts, Roman House, etc. could stay. An additional saving to the town, and those tennis courts are used almost daily by many people.

10. Bussing would not have to change.

11. The high school would still be close to the library.

What are some of the disadvantages??? They are actually very few, in comparison.

1. The heating plant would have to be enlarged. But a new high school would need a complete new heating system.

2. The septic system would have to be enlarged. But a new one would have to be built for a new school.

3. The Roman House would probably have to be enlarged for administrative purposes.

4. Pupils and teachers would have to climb another flight of stairs. For the most part this would probably do them a world of good.

Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

This week, we were absolutely thrilled again. Ronnie Park came to see me, and not only did he come in person, but brought me some rations - as he promised - This one contained chicken and noodles, fruit cocktail, and peanut butter and crackers! It is having lots of fun residing at the Depot and will start the round of the schoolrooms shortly...Ron said that often the food in Vietnam was so terrible that the boys preferred C rations - even those who had been in the field. It seems that the Chefs aren't among the Paris trained, and they can really murder the groceries, some of them!

Anyway, Ronnie just looks wonderful! We were certainly delighted to see him. He said he landed in San Diego on the 29th of September and then he visited with his sister in Phoenix, Arizona, and a brother and sister in Chicago and then he and his brother Alan drove home from Chicago. He'll be home until the end of the month and then back in for 18 months with the possibility of another tour in Vietnam. Don't forget to drop in again, Ron. We had quite a chat!

Had our first name for the mailing list Al David J White AF 11621328, Box 2657 Nellis AFB, Las Vegas, Nevada 89110. Thanks to you Mrs White...The rest of you...let's get with it and get them to me...we received the following from J Kenney, the asst Postmaster this week:

A fast cargo ship called the Santa Claus Special leaves for Vietnam in November. It will be full of holiday gifts for servicemen. But it takes three weeks to cross the Pacific...and processing time is required in the U.S. and in Vietnam. To be sure, mail your serviceman's large holiday package before November 9, if it is going by surface mail rates!

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets available which outline the mailing programs for servicemen and women overseas.

AND Nellie called in answer to our plea last week. She has forty yes I said, FORTY afghans done again, and will be delivering them someday soon. (Hope we can get them on display before she does) She says Mrs Harmon started the yarn fund already with a check, so let's go gals! Leave your yarn at the Depot again if you wish...or call Nellie Thompson at 658-4886, and donate your time, your money, and your talent. She does a wonderful job...Don't know how in that diningroom workshop she has. I'll bet this group is elegant. Nice going, Nellie...It's people like

you that make the world go round! quarters and dollars!

Dapper Harold McKelvey wants you all to know that he tried with the Housing Authority last week. After their courteous attention and suggestion, he has filed a bill for adequate Veterans Housing on both branches of the legislature

Got your cards out, there gals? Marcia Cram of Lawrence Street went to New Hampshire for a visit and ended up in a hospital in Plymouth with a severe case of strep throat. Red Allard of Cedarcrest Road is back from the hospital after the emergency trip from church last Sunday...They still don't know what it was...the flu shot?...Glad to say that Nettle Frankel is much better and will be at home soon!

For a couple of years, as many will testify, Roger Beaupre was a busy man helping to build the K of C Hall, and then serving as the Grand Knight.

Right now though, he is just too busy. It's the 14th anniversary of his company, and he is working hard at having a celebration. In fact Roger is going to be at the A B Sweezy plant on Main Street All Day Saturday - and for Roger, -that's something!

Chairman Ralph Zwicker says that all of the organizations who wish to participate in Veterans Day Parade should contact him by writing to P. O. Box 225, or call 658-9454. All organizations are welcome with floats or Displays. There will be two committee meetings. First at American Legion on Friday, October 25th and at the VFW on Friday, Nov 1. Representatives of any group who wish to participate are welcome to attend.

Now, hear this. The American Legion is having a Halloween Party for adults this Saturday, Oct 26 at their Hall. All are welcome, whether members or not. There will be dancing, refreshments, buffet, and costumes are optional.

Hear there's a gal that is making Halloween cakes, and there's an ad in the paper this week. They are really big and scrumptious and very well decorated.

The first five customers who call, and order a cake, and pick one up, will get a reduced charge of only \$2.50 for the cake. The cake will make a terrific centerpiece, they tell me for a party!

It's UNICEF time. Youngsters will be going out from the youth groups of the Wilmington churches during the week preceding Halloween to participate in the Trick or Treat for UNICEF, which is sponsored by the Council of Churches. Open up, and give for the clothes, food, and medicine needed in devastated areas, and when those kids ring your doorbell with a UNICEF container in their hands, it's up to you to see that some kid is fed...with your

Don't forget that Calendar Party of the Sons of Italy at the Woburn Son of Italy Lodge, 168 Lexington Street in Woburn on Sat Nov 9, 1968 at 7:30 pm... This is a dinner and dancing there party! We'll be seeing you there!

Somehow or other, the material got goofed up last week, as often happens around here, and the report from the Selectmen's meeting didn't get in the paper...Well, I want to tell you that Mrs Bachman and Mrs Hooper appeared from the League with recommendations in the change of the Town By Laws. And those gals really had the stuff and had done bunches of work. The long and short of it was that the Board decided that as a result of this study, the Town Counsel should decide how an article should be prepared for the annual Town Meeting to form such a committee. Nice going, there chels! And so well presented!

We have a confession to make to two parties! Thanks to the Girl Scouts for their thoughtfulness in donating the ticket to us for their supper, and the calendar is certainly a cute thank you! Also, my sincerest apologies to the Crusaders for neglecting the Spaghetti Supper on Saturday. Was sick with the virus and came to that we were supposed to be at the supper about 8:00 pm...so it wasn't that we didn't want to come...It was just that we are victims of circumstances!

Had two tough accidents on Rt 93 resulting from fog last week: Of course, if you are a swamp resident from Wilmington, you will know how to drive in this! But -

Thirty Years... and Still Growing

A thirtieth anniversary is something you celebrate once in a lifetime. We would like to thank those who helped commemorate this milestone in our business career.

Unlike our own individual birthdays, (especially women) where we hate to admit that we are getting older, another year in business is attributed to several things:

1. The fine people who have made our business possible.
 2. Service to these customers.
 3. Quality merchandise.
 4. Customer satisfaction.
- And, as we start our 31st year, we renew our pledge of basing our reputation on your guarantee of satisfaction.

This list is being published so that errors can be detected and corrected. Readers are asked to mail in corrections, on postcards. PLEASE DO NOT TELEPHONE!

There are about 130 names in this list, and Wilmington has about 200 men in the service. Please get any names not published to the Town Crier, right away, for the Christmas list to be published on November 7th.

MAILING GIFTS TO SERVICEMEN

Mailing gifts to members of the Armed Forces abroad?

If you are, keep in mind that it takes time to process and ship the packages both here and overseas.

In the case of Vietnam, it takes about three weeks for a fast ship to cross the Pacific.

This year, there is going to be such a ship...the SANTA CLAUS SPECIAL...leaving from California in the latter part of November...On board this ship will be thousands of holiday gifts. To make sure your large gifts sent surface postage arrive on time... put them in the mail by November 9.

Mark them outside...SANTA CLAUS SPECIAL. Post offices across the nation have free pamphlets available which outline special programs for mailing to servicemen and women overseas. But for large parcels sent by surface, it's the SANTA CLAUS SPECIAL with a mailing deadline of November 9.

somebody doesn't so we have found this release from the AAA: Slow down before entering a fog patch. If you slow or stop quickly when inside the foggy area, you risk rear-end collision. Usually you can see fog ahead and have time to slow.

If you have to slow or stop, tap the brake pedal so your rear lights blink to warn following drivers. Pull completely off the road before stopping.

Turn your lights on. Use the low beam of your headlights, to throw light down on the road where you need it rather than out into the fog to be reflected back. Fog lights are a big help.

Keep as far to the right as possible on two and four-lane roads. Keep in your own lane on expressways. Watch the road edge and white lines carefully.

In dense fog, creep along. Eliminate all distractions - such as smoking, conversation, and radio. Concentrate on driving.

Remember fog can reduce traction as well as visibility. Road surfaces are usually wet and often slippery in fog patches.

If you had the opportunity this week to hear Rev Roger Palmquist at the Ecumenical Services at the Methodist Church, you know what I have experienced this week. If you didn't, there's no way of describing what you missed. It was one of the most inspirational things that ever happened to me and Mr Palmquist is not only a distinguished artist with the crayon but chalk, voice, and music, and his message was humorous as well as inspirational. We are certainly privileged to be among those hearing Rev Palmquist, and there should be more like him with his person-to-person message and witness!

Your Servicemen's Addresses please! Stuff should be in the mail by November 1. Let's go!

THE COUNTRY COUSIN SAYS: (From Page Two)

There may be other disadvantages, but they are over-shadowed by the advantages.

It has been said that the School Building Assistance Board frowns on a school with three floors. The writer is of the opinion that the word ASSIST means just that, and the town should get the kind and type of schools it can afford and want, and not be dictated to in its construction, style, etc.

Years ago, when property was cheap, it was common to build schools three stories high. Now that land values have gone up sky high, schools are being spread all over the landscape.

Today the kids are bussed to school, and not allowed to walk, and get needed exercise. Then a gym, costing thousands of dollars, is built to give them exercise. Maybe it would be a good idea to give the Gym Instructors an assist, and have the kids make up a little, to the third story, in an expanded high school.

The writer hears rumors of an 8 to 10 million dollar new high school and/or a new intermediate school.

The voters and taxpayers should get up on their 'hind legs' and demand the when, why and how of new schools, and their costs.

The school committee spends the biggest piece of Wilmington's tax dollar, and the Permanent Building Committee, as a group, has the say of the spending of the next biggest piece of the tax dollar.

The Wilmington tax payer doesn't have much to say about it, but the writer hopes that Jim Miceli asks a few more questions. The Wilmington tax payer has plenty of questions that could be answered and should be.

Country Cousin

ROCCO'S LOSE AND WIN

Last week in Flag Football, Rocco's Restauranters went under the lights and broke away to 26-7 halftime lead over Fred F. Cain.

Then J. Rooney ran the second half's opening kickoff back all the way for a score and sparked the Cain team to a spectacular come from behind 40-39 victory. Lenny Gustus passed for 3 touchdowns, ran for a touchdown and scored 4 extra points including the winner with only 3 plays remaining.

End Don White caught 4 passes for 80 yards and 4 touchdowns, while Bill Harrison had an interception and tackle. Rocco's quarterback Dick Ethier threw for 307 yds and 5 touchdowns as well as running back an interception for a score. But his work and the defensive efforts of Jimmy Gillis, Jimmy Melzar, and Phil Nelson weren't enough to prevent Cain's from moving into a first place tie with their team.

On Wednesday night Rocco's bounced back with a win at the expense of Charles River Breeding Labs. Butch McFeeters grabbed 4 and Billy Rooney 2 of Dick Ethier's 10 touchdown passes leading the way to a 73-16 victory. Jim Melzar played a major role in the Rocco defense grasping 9 Breeder flags for a new record. Charles Rivers two TD's came on pass receptions by Steve Call and a spectacular diving catch by Frank Mugford.

Action continues Tuesday and Wednesday evenings at the Town Park with a makeup game on tonight (Thursday) between Cain's and the Newhouse Construction Co.

REMAINING GAMES

Cain's plays Newhouse tonight at 7:30. Tuesday Charles River plays Cain's; and on the 30th Rocco's plays Newhouse.

By Louie

Every year more than half a million families in America face the agonizing problem of deciding how to care for a relative too old or ill to live alone any longer.

The answer to this dilemma is usually a nursing home.

A tremendous boom in nursing homes started in the early 1960s. Today there are more than 12,000 licensed skilled-nursing homes, containing approximately 600,000 beds, and construction continues at a rapid pace.

Most of these homes are comfortable and friendly, and have recreation programs.

It may be an emotional experience to take an elderly relative to live in a nursing home, but remember that in this bright, modern home, those we love receive the watchful care that most of us cannot give.

You will always receive the finest care as a patron of the SILVER LAKE PHARMACY, 52 Main Street, Tel. 658-4617

Open every day, 9 - 10, Candy by Whitman & Candy Cupboard, Greeting Cards, Cosmetics, & More.

Fast, friendly service. A complete supply of newest drugs.
